

MIXER AMPLIFIERS

ES SERIES

60W/120W/250W Mixer Amplifiers

The Australian Monitor ES Series is the latest evolution of our Essentials series of Mixer Amplifiers, now featuring 2 channels of priority VOX muting, integrated tone generator (120/250 models) and a modern look and finish.

The ES mixer amplifiers maintain the core features you expect including four XLR mic/dual RCA line inputs, record and line outputs, low impedance or constant voltage outputs and 12V phantom power.

The ES series offers the latest features to meet projects requiring the most cost-effective solutions.

- 60W/120W/250W mixer amplifier
- 4 XLR microphone/dual RCA line inputs
- 100 volt or 4 Ω output
- Line and Record Level Outputs
- Input 1,2 vox muting priority
- Integrated tone generator. Evac/Alert/Intruder/Bell/Chime tones
- 12VDC phantom power
- 1RU/2 RU rack mountable chassis

	PICOBLOU V2	ES60	ES120	ES250
OUTPUT POWER PER CHANNEL	30W	60W	120W	250W
OUTPUT MODE	4 Ω ~100V	4 Ω ~100V	4 Ω ~100V	4 Ω ~100V
INPUT CHANNELS	1 MIC/Line and 2 Line	4 MIC or Line	4 MIC or Line	4 MIC or Line
